## Our School Story in Action

Each week, we will try to share a part of [our School Story](#) and how it applies to our community's daily learning. Our School Story is based on the Core Competencies found in the BC Curriculum.

This week we would like to highlight our school website. It can be accessed using the following link or address: <https://steves.sd38.bc.ca>

The website has been recently updated to reflect our ongoing journey to continue to create safe spaces for all while understanding relationships and cultural context, recognizing personal values and choices, and identifying personal strengths and abilities. We encourage everyone to view these updates and engage in conversations with students. You can also find helpful information such as important dates, upcoming events, and a link to Library Learning Commons.
