School Story in Action 2023-2024

November 2, 2023

Each week, we will try to share a part of our School Story and how it applies to our community's daily learning. Our School Story is based on the Core Competencies found in the BC Curriculum and a focus on The First Peoples Principles of Learning.

This week we would like to highlight the Volleyball Team. The Volleyball Team is a safe space for grade 6 and 7 students to learn how to be part of a team and have an opportunity to try something new. It is a place for students of all abilities to learn everything from being good sports to volleyball skills. This space has been thoughtfully designed to be gender neutral and accepting of neuro diversity.

This links to our [School Story](#) focus in the following way:

Learning involves patience and time. (First Peoples Principles of Learning)
