School Story in Action 2023-2024

February 16, 2024:

We would like to highlight our basketball team. All grade 6 and 7's are invited to participate, to explore team activities and exposure to the sport. The team is structured with the purpose of building unity between the Montessori and neighbourhood programs in a safe and welcoming place for all abilities and genders.

This links to our [School Story](#) focus in the following way:

- Learning is holistic, experiential, and relational (focused on connectedness, on reciprocal relationships, and a sense of place).
