School Story in Action 2023-2024

May 24, 2024

This week we would like to highlight the Yarn Club. The Yarn Club is a safe place for students to share interests, to learn and to lead. Two years ago, the club began collaborating on a Progressive Pride Flag. This project has been touched by many staff members and students, both current and previous members of our community. The current members continue to work towards its completion and are brainstorming ways to display this ongoing project. As well as collaborating, the students look forward to teaching each other how to knit and crochet, building experiences as leaders and learners.

This links to our [School Story](#) focus in the following way:

Learning is holistic, reflexive, reflective, experiential, and relational.
