School Story in Action 2023-2024

June 21, 2024

Rainbow Ukeleles began as part of rainbow club. It is a place where all are welcome. Students of all ages and skill levels can immerse themselves in fun music making, however that might look for them. Students build confidence and autonomy, allowing them to teach others. It has become an inclusive jam session at outdoor times such as recess and Fun Day. This also makes room for friendship making and community connections. Initiatives like this are driven by staff and student interest, in this case, spearheaded by an Educational Assistant (EA).

This links to our [School Story](#) focus in the following way:

Learning is holistic, reflexive, reflective, experiential, and relational.
