School Story in Action 2024-2025

October 18, 2024

This week we would like to highlight our outdoor education program. One part is a trip to Camp Jubilee made by grade 6s and 7s, and staff. Montessori and Neighbourhood students joined together in cabins and activity groups to try new things and engage with the land by being outside. Relationships were built and realized as everyone had chances to work together with new people.

This links to our School Story focus in the following way:

- Steves is a safe learning community where we strive to build connections to our land and community. (Steves School Lens)
