School Story in Action 2024-2025

December 6

This week we would like to introduce the Games Club. The Games Club meets weekly for intermediate students, across grades and programs. While playing games, students have the opportunity to build friendships and social connections. Students are also learning social skills like how to listen, turn taking, sharing and problem solving.

This links to our [School Story](#) focus in the following way:

- Steves is a safe learning community where we strive to create a sense of belonging. (Steves School Lens).
