School Story in Action 2024-2025

May 23, 2025

Last week we held our second school wide track event. All students had the chance to run, jump and throw! They chose a way to challenge themselves based on what worked for their own body. Students are starting to value being able to make a choice and to discover what they enjoy. Grade 7 students had the opportunity to lead athletes through the stations. Our community is very proud of their thoughtful, clear, encouraging leadership. Adult community volunteers also helped make the event a success.

This links to our [School Story](#) focus in the following way:

Steves is a safe learning community where we strive to:

- create a sense of belonging
- see ourselves
- work together
