School Story in Action 2024-2025

June 6, 2025

This week students and staff learned from Elevate, a company that teaches Ultimate Frisbee in a fun way which meets students where they are at in their learning. Students are learning to work together through games and activities. With positive and supportive coaches, they have had the opportunity new or further develop skills they already have.

This links to our [School Story](#) focus in the following way:

Steves is a safe learning community where we strive to work together.
